Who We Are

We are problem solvers.

We are solution-driven.

We are forward thinking.

We are uncompromising on service and quality.

We are lions: bold and brave, fierce and focussed.

We are Langley Compass Group

At Langley, our passion lies in putting the right tools and data in your hands, equipping you to make better decisions, operate more profitably and enhance your customer experience.

We've made it our mission to provide you with the technology, data and support that puts you in control, enabling you to drive your business forward.

**PROUD TO BE
DIFFERENT.**

OUR VISION. OUR PURPOSE. OUR MISSION. OUR PASSION.

We know that clear, accurate and timely data enables you to make informed decisions that will drive your business forward.

Our vision is to play an ever-increasing part in developing, providing and supporting meaningful technology solutions that put you in control of your business.

Our mission is to make your life easier by providing systems and services that support your business journey and fuel your growth.

We do the hard work, so you don't have to.

WHAT WE STAND FOR.

Our Core Values

Our Core Values are not just buzz words that sound nice or look good on a wall.

They are foundational, non-negotiable and deeply meaningful. They inform, drive and shape the decisions we make and who we are as a business.

Partnership: Developing positive relationships

Reliable: You can count on us

Innovative: Fresh forward thinking

Driven: Always moving forward

Excellence: Simply the best

We take fierce pride in the standards we set ourselves and work together to put them into action every day.

BE THE VERY BEST YOU CAN.

Who You Are

You want to grow your business, be more efficient and become more profitable. You need to make good decisions based on timely and accurate information. You want your technology, systems and processes to work with you rather than against you so you can focus on delivering an excellent customer experience that keeps them coming back. You want to feel in control.

But it's tough out there and it's easy to feel overwhelmed by the challenges you face. You know you need support to rise above them but choosing the right solution provider can often feel like a risk.

It doesn't have to be this way.

The Langley Way

For us, it all starts with one simple question:
“what’s your challenge?”

It’s not about how we can help or the solutions that we provide. It’s not about the support we give or the systems we put in place to help you maximise the potential of your business. It’s not about the data we provide that will enable you to make critical decisions that will fuel your growth.

In short, it’s not about us.

**It’s about you - your challenges,
your ambitions and your needs.**

Our sole focus is getting to understand your business and what’s holding you back, We then give you the clarity and insight you need to be able to choose the solution that’s going to make the biggest difference to your business. Whether it’s an EPoS System, Payment Solution or IT Support, we enable you to keep your finger on the pulse of your business and push forwards to the success you know you deserve.

DEDICATED
TO YOUR
SUCCESS.

Our Journey

Whilst our journey can be traced back to the 1970s, so much had changed and evolved that the story of the modern Langley begins in 2006 when our MD, Richard Cox, took over and began building on the already strong foundations laid down by others.

Over the years, the team grew and has now doubled in size with a core leadership in place to ensure that we're always moving in the right direction and staying true to our vision and mission.

When Langley Business Systems acquired Compass Computers in 2021, we became Langley Compass Group and added LCG PoS and LCG Payments to the family in 2023 ensuring that we continue to offer the very best solutions, services and support all under one roof adding more value to our customers.

THE BEST
IS YET TO
COME.

A Final Word

This short document - our Manifesto - is a statement of intent. This is not about what we do but about **who we are** - what defines us, the things we stand for and what makes us different.

If what you have read here resonates and you connect with what we stand for, then let's start a conversation and see how we can help you stay in control, become more profitable and grow.
